PRIVATE DINING AT THE POLO BAR

The Polo Bar is pleased to offer our guests a variety of private dining experiences, from celebrating a milestone, to an intimate family dinner, or a festive Sunday brunch with friends.

Our menus feature Polo Bar classics, signature cocktails, and favorite desserts. Each can be customized to meet your dining expectations. Floral arrangements, screening capabilities, custom printing, music, and other features can also be arranged to ensure that each experience is tailored to your taste.

Whether it be The Equestrian Room, The Clubroom, or the dining room; our discreet and professional staff look forward to welcoming you to The Polo Bar.

**Additional Charges May Apply*

FROM THE BAR

The Polo Bar offers a comprehensive beverage program. Our cocktail menu highlights classics with a Ralph Lauren twist, and our beverage experts are available to craft cocktails to your taste.

The wine list features selections from around the globe, with special attention given to American and French selections. We source the finest wines with superb vintage depth, as well as rare bottles. Our sommeliers are available to assist for all events.

HEALTH & SAFETY

VACCINATION POLICY

The Polo Bar requires all guests over the age of 12 to show proof that they are fully vaccinated. Our teams are required to be fully vaccinated as well. Proof of vaccination includes Photo ID along with your physical vaccination card, photo of your vaccination card, Excelsior Pass, the Key to NYC Pass, or an equivalent government-provided digital record.

FREQUENTLY ASKED QUESTIONS

Are guests required to wear masks when not seated?

Masks are optional but encouraged for vaccinated guests when walking through the dining room. Following CDC and local guidelines, our staff must wear masks.

Can unvaccinated children dine at The Polo Bar?

Yes. Minors under the age of 12 will not be required to show proof of vaccination.

Can guests dine with just one dose of a two-dose vaccine?

Only fully vaccinated individuals may dine at The Polo Bar. An individual is deemed “fully vaccinated” when that person has received, at least 14 days prior, either the second dose in a two-dose COVID-19 vaccine series (e.g., Pfizer or Moderna) or a single-dose COVID-19 vaccine (e.g., Johnson & Johnson).

AIR FILTRATION TECHNOLOGY

Under the guidance of HVAC specialists, we have upgraded the air filtration and purification systems to introduce both UV lighting and bi-polar ionization technologies. The UV light purifies the HVAC unit and filters, while the bi-polar ionization technology reduces airborne particles. This cleaning process attacks and kills viruses, mold spores and bacteria.
